- **midge factor** Moderate/High
- **climbs** Up to 6c+ : 2 routes
7a to 7c+ : 14 routes
8a to 8c+ : 3 routes
Projects : 1 route
- **summary** The Shelter. A sun trap that is 'always' dry below the quartz band. Excellent bouldering. In the summer it tends to feel greasy if it is at all humid. Steep and fingery climbing on the whole. THE winter venue of Wester Ross.
